A Few Words About Us . . .

Back in the forties, Conrad Lindenmeyer, A Model Railroad enthusiast, could not obtain the specialized brass shapes he needed to build his miniature trains, so he decided to produce them himself. As time went by, he produced varied sizes and shapes. The word got around to modeling enthusiasts and others who needed specially shaped pieces. Mr. Lindenmeyer expanded his manufacturing facilities and thus began a company known as the Special Shapes Company. After 40 years, we are still dedicated to our slogan of "Craftsmen Serving Craftsmen".
