This Product Reference Guide describes the Chicago Burlington & Quincy Waycar 2 Rail O Scale Western Style Caboose (CB&Q) Kit#3612.

There are two options for the model railroader: the Basic Kit and the Comprehensive Kit.

The comprehensive kit adds the richness of being able to provide inside detail to the Caboose. The additions for the Comprehensive Kit includes 2 Baggage Doors, a Left and Right scribed internal wall, a scribed floor interior, a scribed external skin cupola sheering and a set #805 Kadee Couplers instead of the basic coupler.

Comprehensive Kit	Basic Kit	Part Number	Part Name	# of each item
